

JACKSON[®] TRANSFORMER CO.

Quality Magnetic Products

the Potential and Current Metering Transformers

JACKSON[®] Potential and Current Transformers are customized to meet customer requirements, and are available in various ratings and ratios. All designs are optimized utilizing our exclusive computer programs to ensure the highest quality product.

JACKSON[®] custom designed metering transformers are available from 50 Hz to 200 kHz, 5 VA to 100 VA.

JACKSON[®] metering transformers are available in an assortment of shapes and forms to meet your specific requirements.

Current Transformers are available in dry type or water-cooled with a center hole for bus bar or cable. Input currents from 1 amp to 10,000 amps.

JACKSON[®] Potential and Current Transformers are available in either open construction or encapsulated designs.

Input and output connections can be designed to meet your specific requirements.

Available in Metric or Standard U.S. Threads.

For a high quality customized **Potential or Current Transformers** - Specify a **JACKSON[®]**.

WORLD CLASS TRANSFORMERS FOR WORLD CLASS CUSTOMERS

Reliable | Efficient | Economical | Compact

JACKSON[®] Magnetic Products are made to order and made to last!
At **JACKSON[®]** we work together with you, as a team,
to design a product that meets **your specific** requirements.
JACKSON[®] Transformer Co. - Quality magnetic products you deserve!

JACKSON[®] Transformer Company provides our customers with a complete **Specification Sheet** upon request.

JACKSON[®] Quality Products are not only a wise choice,
but the right choice.

WE MANUFACTURE SOLUTIONS

**ALL OF OUR MAGNETIC PRODUCTS ARE DESIGNED TO
MEET YOUR SPECIFIC REQUIREMENTS.**
